Table of Equivalents

Attached is our first rough cut at a table of equivalents on unit strengths for your Vietnam Fact Book. If this is the kind of information you want on this topic, will you please so indicate and we will get a proper chart worked up. As you will recognize, this is a simplified rendition of what can become a very complex subject if one gets into refinements we have ignored, such as a division's field strength versus the size of a "division's slice" etc. I assumed the simple comparison was the one you were looking for.
